

tightrope creative

In Carousel, you have got the most powerful information signage system available. Now add the professional graphics that are needed to grab attention. Tightrope Creative is a professional design service that provides custom backgrounds, pictures, animations and templates that you can use with Carousel. Choose from a selection of pre-made channel designs or match your organization's branding with custom content. Either way, Tightrope Creative makes professional looking digital signage a breeze.

complete design elements for carousel

Channel Designs

Our channels have been designed to provide you with the essentials necessary to get your Carousel system up and running with beautiful content. Each channel is pre-configured with a zone layout, and includes all new standard and dynamic templates. Best of all, you can easily add the channel to your existing system, hassle-free.

Extras

Take flight with Creative Extras. As a business, school, or organization, it is important to maintain a consistent identity. Our branding services will incorporate your company colors and logo into an existing channel design, transforming the final product into a seemingly custom channel. Go even further with our animation services. We take the concept of motion graphics to the next level by incorporating your logos and other material into the actual channel design.

Custom Channels

Our custom design services will offer you the same conveniences of our pre-made channels with an added bonus of retaining control over your design. We'll walk with you every step of the way to ensure your vision becomes a reality.

Creative Design Services require Carousel 5.2.1 or higher.
